

# Sage 300c

All-in-one solution that brings complete view of your business anytime, anywhere

Whether your business has one or several locations in the same city or across international borders, Sage 300c helps you manage finances, operations, and inventory in multiple languages and currencies. With real-time, mobile access and visibility across your entire company to keep your business on track, Sage 300c allows you to:

- Break down departmental silos for companywide transparency and improved collaboration.
- Tap into a real-time, unified view of your company's finances and operations.
- Reduce inefficiencies and redundancies so you can optimize company performance, productivity.
- Integrate front-to-back-office processes such as marketing, sales, and customer service.
- Work anywhere and anytime.

---

## Anytime, anywhere mobile access

Sage 300c offers anytime, anywhere, and any device access to business and transactional data, critical to supporting an increasingly mobile and geographically dispersed business.

## What is Sage 300c?

Sage 300c helps medium and large businesses manage their entire business across geographies without the cost or complexity of traditional enterprise resource planning (ERP) software. The preferred solution for tens of thousands of companies across the globe, Sage 300c connects the most important aspects of your growing business, including:

- Financials.
- Operations and inventory.
- Project and vendor management.
- Human resource management and payroll.
- Sales, marketing, and customer service.

The advantages keep coming. Sage has an extensive network of third-party solution providers whose add-on solutions extend Sage 300c ever further to meet the specialized needs of your business.

Imagine a world where your business can process orders, fulfill orders on time, make and accept payments, reconcile your books across multiple companies and currencies, pay employees, and manage projects, all with one trusted solution. Welcome to Sage 300c.

“Since we implemented [Sage 300], we are saving 20-30 hours each month in accounting tasks, and we have increased revenues.”

Allan Schmidt, president, Vineland Estates Winery

## Take the complexity out of managing your financials

With Sage 300c, you will have an accurate, real-time understanding of your financial position, whether it's cash flow, receivables, or payables across multiple locations, companies, currencies, and international borders. Configurable, simple to use, and accessible anytime, anywhere, Sage 300c helps you stay on top of your business and address financial issues before they become real problems.

Sage 300c helps you manage complex finances and remain compliant with government regulations such as Generally Accepted Accounting Practices (GAAP) or International Financial Reporting Standards (IFRS).

### Comprehensive accounting and financial management

- General Ledger
- Accounts Payable
- Accounts Receivable
- Payment Processing
- Bank Reconciliation
- Check and form printing
- Multicurrency support
- Consolidated financials across multiple companies

### Powerful yet simple

Keep your general ledger up to date in real time and meet your most demanding budgeting and processing needs to maximize the efficiency and accuracy of your financial data with Sage 300c.

- Store up to 99 years of financial data
- Balance your books at every step
- Manage up to ten different account segments
- Print or email reports instantly
- Configure to your unique processes and preferred practices.
- Set up recurring GL entries
- Easily import transactions from other applications or export data

## Manage payables with ease

Streamline your entire cash flow process and save money. Sage 300c ensures rapid entry of vendor invoices, flexible cash disbursement, and check reconciliation. You can prioritize payments, negotiate terms, and reduce bad debts.

- Organize vendor records quickly and easily.
- Import transactions from other applications.
- Automatically distribute invoices to as many general ledger expense or asset accounts you require.
- Set up and schedule recurring payables for invoices paid on a regular basis.
- Calculate tax for vendor invoices or manually distribute tax.
- Print checks in multiple languages, including English, French, and Spanish.

## Easily manage multiple companies

When you're keeping track of dealings between multiple entities or subsidiaries, Sage 300c reduces the work required for intercompany accounting. Whether you operate as one company, 10 divisions, or 100 entities, you'll reduce redundant data entry and focus on more revenue-generating activities.

Intercompany transactions in Sage 300c allows you to enter General Ledger and Accounts Payable transactions affecting more than one company and automatically distribute transactions across two or more companies. You can set up multiple companies, close books, and report results by company or consolidated company.

## Simplify international commerce and user support

Managing the complexities of a business across geographies is not easy, but Sage 300c makes it far less complicated.

With Sage 300c, you can easily manage international commerce across multiple companies or subsidiaries. You'll have tools to easily maintain an unlimited number of currencies and exchange rate schedules, update exchange rates daily, and post gains or losses from currency fluctuations.

Multilanguage support for English, French, simplified and traditional Chinese, and Spanish is included with Sage 300c and translatable for additional languages throughout the system.

## Get paid faster

With Sage 300c, you'll effectively manage your cash flow; track purchase patterns; automate tax calculations, discounts, commissions and due date, and much more. With the help of built-in calculations, you have full control of your receivables and invoicing and save countless hours avoiding errors and eliminating duplicate data entry.

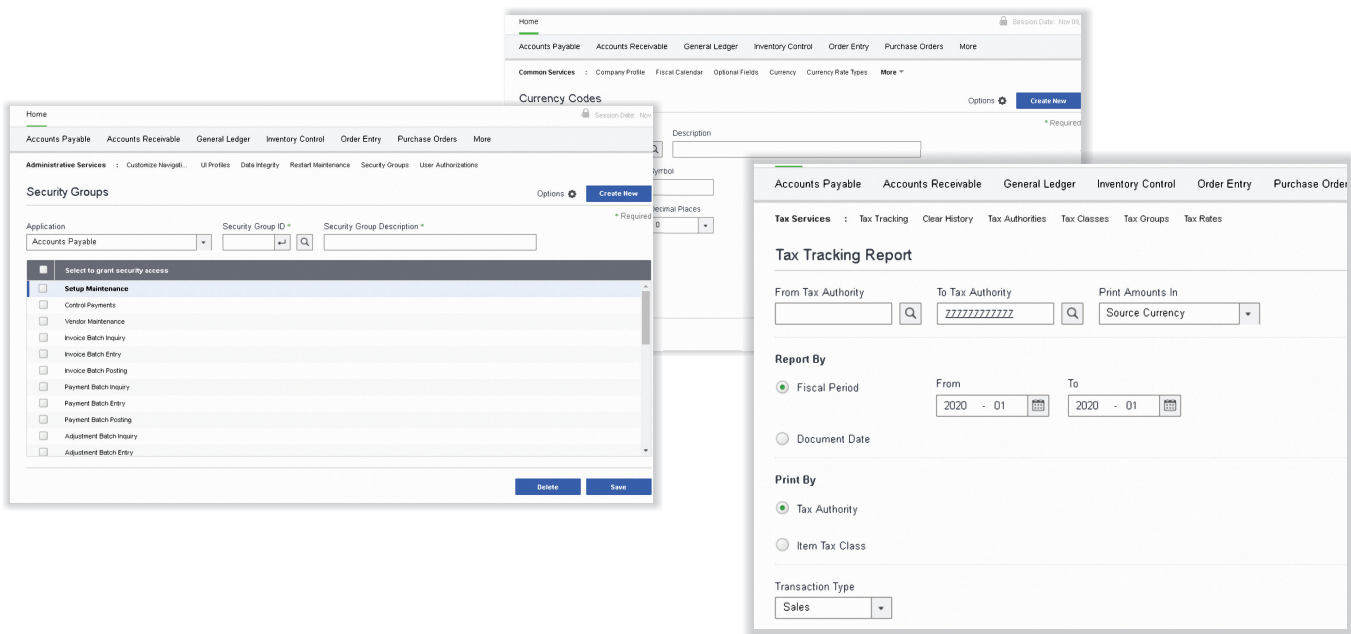

## Bank reconciliation in minutes

With Sage 300c, you can quickly and accurately reconcile your bank accounts and perform banking transactions with pinpoint accuracy.

## Manage and track your fixed assets

Sage Asset Management\* can be added to Sage 300c to give you total control over the entire fixed asset lifecycle and ensure that your company is always in regulatory compliance. Sage Asset Management offers integration for Accounts Payable/Purchase Order asset creation and automated General Ledger postings. Integrating Sage Fixed Assets to Sage 300c provides a comprehensive fixed asset inventory and tracking solution.

\*Sage Asset Management is an add-on solution to Sage 300c.

“One thing that [Sage 300] does particularly well is give us the real-time inventory numbers we need to make informed day-to-day decisions.”

Allan Schmidt, president, Vineland Estates Winery

## Ship orders on time, manage inventory across multiple locations

With Sage 300c, you'll delight customers, vendors, and your own employees by integrating disparate processes across multiple warehouses, inventory, production, and service departments. Faster, more accurate fulfillment results in satisfied customers, quicker payments, and much greater profitability.

---

### Optimize your inventory

Assert control over your inventory processes and reduce carrying costs while delivering orders on time. With Sage 300c, you can easily take charge of inventory receipts, shipments, returns, and adjustments with multilocation inventory tracking capabilities.

With easily accessible, real time information, make better business decisions regarding what merchandise to stock, pricing, discontinued items, and trend analysis to best determine what's selling and what to market.

Sage 300c offers real-time visibility to inventory data including receipt, shipping information, returns, disposition of goods, and precise value. It also allows you to obtain detailed, current inventory information on demand.

---

## Strategically manage every aspect of the distribution cycle with efficiency and control.

- Inventory Control with Serialised, Lot and Bin Tracking
- Sales Processing
- Purchase Order
- Purchasing and Workflow management
- Project and Job Costing
- Manufacturing
- Analytical dashboard with Sage Intelligence

\*Sage Inventory Advisor is an add-on solution to Sage 300c.

---

“I know exactly what is on each order and what each of our different accounts owe us. This has cut order-writing time by more than half and put accurate information at my fingertips.”

Marni Kontturi, office manager, Clarke Phillips Safety Supply Ltd.

## Streamline order and shipping processes

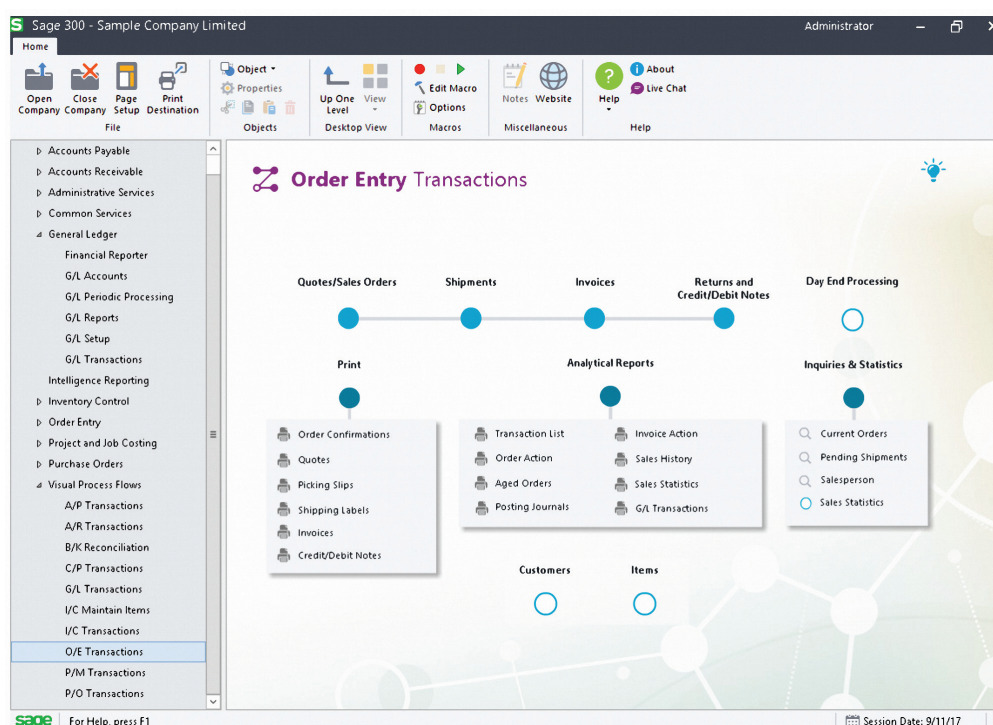

Are your accounting or customer service teams overwhelmed with questions on shipment status, billing, item availability, or returns? Are they tracking orders manually and relying on shop-floor or warehouse staff to determine what's in stock and what can be shipped?

With Sage 300c, your employees will be continuously aware of inventory levels and customer account changes such as alternative items. You will eliminate redundant data entry and automate workflow as well as:

- Set up detailed quotes, back orders, cancellations, shipments, and prepayments.
- Establish data-entry defaults so you can see customer information quickly.
- Gain real-time insight into stock levels, customer details, and shipping information.
- See and enter orders in the currency of your customers.
- View or print reports of transaction details and sales information.
- Track multiple payment schedules and other payment terms.

## Strengthen vendor relationships, interaction with streamlined purchasing

Make the right decisions sooner by automating—and adding visibility—to every facet of your purchasing process. Sage 300c keeps you in sync across process requisitions, purchase orders, receipts, invoices, and returns to save you time. All that transparency means everyone works from the same, real-time intelligence. What better way to keep building stronger relationships with your vendors?

“With information readily available at their fingertips, sales representatives can deliver unparalleled customer service and strengthen client relationships. In short, Sage CRM and Sage 300 deliver the business management capabilities we need to stay competitive.”

Jean-Marc Pigeon, president, Inortech, Inc.

## Win new business, retain and grow existing customer business

With Sage 300c and Sage CRM, you can have end-to-end visibility of your sales and marketing activities and a single view of the customer across your organization. Open up new opportunities for growth with greater insight into business performance, better efficiency and productivity, and more effective communications.

You have the tools at your fingertips to find new customers, reduce sales cycles, and build lasting, more profitable relationships.

- Track your sales opportunities from lead generation to close.
- Exceed your customers' expectations with outstanding customer service and support.
- Plan, execute, and evaluate the success of your marketing campaigns with ease.
- Enable your workforce to access customer information anytime, anywhere with mobile access.

## Effectively manage projects and track job costs

Keep projects on schedule and on budget with flexible estimating, tracking, and project billing in Sage 300c.

With Sage 300c project job costing, you're better equipped to:

- Control project costs.
- Manage contractors and subcontractors.
- Track costs and revenue down to the finest details on every project.
- Track and monitor original projections and actuals.

All costs, payables, and receivables can roll up to each area of the project. Overhead, equipment, and materials are allocated to ensure the project is on time and on budget.
